# THE SHOCKNIFE® StressBlade™

## SENSORY STIMULATION

When activated the blade assaults your senses by producing sparks in a menacing fashion.

## PROTECTIVE HILT

The soft rubber hilt protects the user from shock and injury.

## SHOCK ACTIVATOR

Easily accessible button allows for various gripping styles. It ensures shock is only delivered when required.

## BATTERY COMPARTMENT

The StressBlade™ uses a standard 9 volt battery with easy access for quick replacement.

## The Shockknife® StressBlade™

Designed as an entry level trainer, the Shockknife® StressBlade™ allows Instructors the ability to add acute stress to their edged weapon training in the most affordable way possible.

Using a standard 9 volt battery, the Shockknife® StressBlade™ delivers a constant shock level of 7,500 volts with a safety factor of less than one milliamp. With only one setting, the Shockknife® StressBlade™ is perfect for use in high stress scenarios.

The Shockknife® StressBlade Puts Power Within Your Reach!

**90 day warranty is included!**

**Online Safety Monitor Certification Course, Protective Carrying Case and Accessories all sold separately.**
